

**Kelly Taylor**

Dear Parents,

I would like nominate myself to be a parent governor at Cavendish Primary School. I am a working mum raising 3 lovely children who all attend Cavendish Primary School.

I have a warm and caring personality and would love to become actively involved at the school as a parent governor. I am parent who has high expectations of our children at school and want the very best environment for them to learn in.

As a prospective parent Governor I am committed to attending regular meetings to help shape school life. I am looking forward to this exciting opportunity in order to support the school further and ensure the children take the very best from their time in school.

Kind Regards

Kelly Taylor
