E4	Staff have asymptomatic Covid-19.	Staff/pupils	<ul style="list-style-type: none"> <li>All staff offered LFD test kits to carry out twice weekly at home</li> <li>Positive results shared with school and all results reported to NHS.</li> </ul>	2	1	2

## Infection information D1

### 3. Implementing protective measures in educational and childcare settings

1. If a child displays COVID symptoms they should be sent home from the setting by contacting parent/carer immediately

2. Isolate child with appropriate adult supervision until collection – PPE should be worn if social distancing cannot be maintained (care needs or age of child)

3. You should move children and staff from affected area to enable cleaning  
  
COVID-19: cleaning of non-healthcare settings

4. If life at risk or injury call 999

5. Members of staff should wash their hands following contact with the child

[guidance on hand cleaning](#)

6. The child should isolate for 10 days and immediate household members do not need to isolate and advice should be given to access testing
